#### CONTRACT TYPE SUMMARY FOR PAYMENT OFFICE (NAVSEA) (FEB 1997)

CLINs 1000 and 4000 and all SLINs referenced under CLINs 1000 and 4000 of this task order are Cost Plus Fixed Fee (CPFF).

CLINs 3000 and 6000 and all SLINs referenced under CLINs 3000 and 6000 of this task order are Other than Direct Cost (ODC) (Fee is not authorized)

The base period of the task order will be Cost Plus Fixed Fee and (If Options are Exercised) the Option periods will be Cost Plus Fixed Fee (CPFF).

#### EXPEDITING CONTRACT CLOSEOUT (NAVSEA) (DEC 1995)

(a) As part of the negotiated fixed price or total estimated amount of this task order, both the Government and the Contractor have agreed to waive any entitlement that otherwise might accrue to either party in any residual dollar amount of \$500 or less at the time of final task order closeout. The term "residual dollar amount" shall include all money that would otherwise be owed to either party at the end of the task order, except that, amounts connected in any way with taxation, allegations of fraud and/or antitrust violations shall be excluded. For purposes of determining residual dollar amounts, offsets of money owed by one party against money that would otherwise be paid by that party may be considered to the extent permitted by law.

(b) This agreement to waive entitlement to residual dollar amounts has been considered by both parties. It is agreed that the administrative costs for either party associated with collecting such small dollar amounts could exceed the amount to be recovered.

Other terms and conditions are in accordance with Section G of the Seaport-e Multiple Award Basic Contract.

## SECTION C DESCRIPTIONS AND SPECIFICATIONS

Performance Work Statement (PWS)

### 1.0 INTRODUCTION:

1.1 Purpose. This Task Order shall provide contractor support to the Land Attack Department, Code L00 at the Port Hueneme Division, Naval Surface Warfare Center in the support of present and prospective Land Attack Department systems to include the Advanced Tomahawk Weapon Control System (ATWCS), Tactical Tomahawk Weapon Control System (TTWCS), Tomahawk Command and Control System (TC2S) Communications System (TCOMMS), the Mission Distribution System (MDS), the Distributed Common Grounds Station- Navy (DCGS-N), the Naval Fires Control System (NFCS), and the All-Up Rounds (AUR) System.

1.2 Scope. This is a Performance-Based Cost Plus Fixed Fee task order. The contractor shall provide installation design services allocation and kitting support of Fleet Modernization Program plans in support of the Land Attack Department, Code L00.

### 2.0 REQUIREMENTS:

2.1 Develop system/equipment input to life cycle change documentation required (Ship Change Documents (SCD's), Ship Alteration Record's (SARs), etc) relative to upgrades. Provide reports of findings 30 calendar days after completion of task.

2.2 Conduct ship checks and site surveys for planned system/equipment installations as designated to support development of documentation. Provide site survey reports 7 calendar days after completion of task.

2.3 Based on information collected in section 2.2, develop system/installation design products (Shipalt Installation Drawings (SIDs); Foundation, Electrical, HVAC and Piping Design, Structural Engineering, material requirement summaries, etc.) for planned installations as designated using computer-aided design/computer aided engineering support. Provide copies of all design products 60-calendar days after completion of task.

2.4 Provide installation technical support for documentation developed under section 2.3, preparing responses to resolve system/equipment installation documentation discrepancies submitted in the form of Liaison Action Record (LAR). Provide copies of responses 3 workdays after completion of task.

2.5 Develop system/equipment as-built installation engineering drawings for completed installation drawing packages developed under section 2.3. Provide updated copies of all design documentation.

2.6 Develop software upgrade or non- Ship Alteration (ShipAlt) modification system/equipment as-built installation engineering drawings for drawing packages developed under section 2.3 as designated. Provide updated copies of all design documentation 30-calendar days after completion of task.

2.7 Develop specifications as designated for the support of system/equipment product development including system components, fiber-optic cable assemblies and other equipment. Provide copies of all specifications developed 30 calendar days after completion of task.

2.8 Provide repository level organization of all system installation documentation developed in sections 2.2 through 2.7, and include all other ShipAlt documentation developed during the fleet modernization programs including legacy data.

2.9 Maintain a Liaison Action Record (LAR) database as part of a Fleet Service Support Home Page. Provide support services to address user requirements. Effort shall include hosting of web server, coordination with existing security infrastructure, and dedicated 128kbps service (for two hosted databases).

----------------------------------	----------------------------	----------------------------------	------------------	-------

2.10 Maintain an Installation Check-Out (INCO) Anomaly Report (IAR) database as part of a Fleet Service Support Home Page. Provide support services to address user requirements. Effort shall include hosting of web server, coordination with existing security infrastructure, and dedicated 128kbps service (for two hosted databases).

2.11 Provide signal/power EMI/EMC consulting services regarding system issues. Provide reports of findings 14 calendar days after completion of task.

2.12 Support weekly meetings at PHD NSWC concerning system design issues, installation feedback and status. Support meeting and inspections at off-site locations.

2.13 Provide monthly financial reports for individual ship/land based sites to include cost accounting for ship/site checks, ShipAlt Installation Drawings (SIDs) development, kitting, and shipping in Earned Value Management System (EVMS) metrics and chart format.

2.14 Logistically support the procurement, receipt, and storage of all system/equipment installation material in documentation developed in section 2.3. All technical issues will be the resolved within the contractor organization. Provide database reports of material inventory and movement status for each installation 7 calendar days after completion of task.

2.15 Assemble/kit system/equipment installation material procured under section 2.14 to support site installations.

2.16 Provide shipping of system/equipment installation materials to designed installation sites to support installations for material assembled/kitted under section 2.15.

2.17 Provide system/equipment installation material identification, packaging and shipment for replacement, emergent, newly identified and special material for ongoing site installations based on engineering dispositions provided in section 2.4.

2.18 Provide necessary packing material for shipments designated in sections 2.16 and 2.17.

2.19 Develop logistics solutions to refine the material identification, acquisition, and delivery process for the system/equipment upgrades. Provide reports of findings 7 calendar days after completion of task.

2.20 Provide an appropriate secured 3,600 square foot minimum kitting facility including appropriate storage racks, packing equipment and forklift service for the handling of systems/installation material. Average inventory should be considered 137,085 boot kit components, 785,486 connector components, 136,275 electrical power components, 47,775 miscellaneous components, 5,292 tools, 1,566,331 feet of cable, and 34 DTD Security Containers.

2.21 Maintain and update a material management and inventory database. Provide database material status reports.

2.22 Provide documented quality assurance of system/equipment installation material deliveries using mutually agreed upon procedures and processes.

2.23 Provide Tomahawk Data Transfer Device Security Containers and miscellaneous installation material as designated to support ongoing installations. For estimating purposes assume the complete restoration of locking components and repainting.

3.0 OTHER DIRECT COSTS (Fee is not authorized for ODC):

3.1 Travel. Travel expenses and Per Diem will be in accordance with the federal Joint Travel Regulations.

3.2 Materials and Services. Materials and services purchased under this task order shall be approved by the client and shall be documented in a Materials Request and Delivery Form or document to be signed by the Client and Contractor. The aforementioned document shall be mutually agreed upon by the Client and Contractor in terms of content and format.

4.0 CONTRACTOR FURNISHED RESOURCES:

----------------------------------	----------------------------	----------------------------------	------------------	-------

All resources deemed necessary by the Contractor to accomplish this task order shall be included in their proposal.

5.0 DELIVERABLES:

5.1 Contractor shall deliver to NSWC PHD all deliverable items in accordance with Contract Data Requirements List (CDRL), DD Form 1423, Attachment J.1.

6.0 PLACE OF PERFORMANCE: All work performed within the requirements of this task order, other than site surveys, shall be accomplished at a contractor-furnished facility. The Government is not obligated to furnish on-base working facilities. Temporary government space may be made available, on a case-by-case basis to the contractor in order to successfully complete requisite installations, training sessions, onsite document reviews, attend meetings, make site visits and collect information that can not normally be transported from the government site to the contractors facilities. All other resources deemed necessary by the Contractor to accomplish this task order shall be included in their proposal.

ADDITIONAL INFORMATION

DIRECT LABOR RATES

The contractor is required to submit, as part of its cost proposal, indirect rates and unburdened direct labor rates for the labor categories listed below.

In addition, the Contractor is to certify that all rates proposed for this effort are the same as the rates proposed for their Seaport-e Contract. If rates are different, an explanation is required.

Level of Effort

The level of effort for the performance of this task order is based upon an anticipated total estimated level of effort of \_\_\_\_\_ direct labor man-hours for each 12-month period. It is anticipated that each option period (if exercised) will have the same equivalent number of direct labor man-hours. The estimated compositions of the \_\_\_\_\_ man-hours of direct labor are as follows:

PWS Major Work Areas	Direct Labor (man-hours)
ATWCS/TTWCS/TCOMMS/MDS	
DCGS-N	
NFCS	

The estimated composition of the \_\_\_\_\_ man-hours of direct labor by Labor Category is as follows:

Labor Category	Hours				
	Base Year	OY1	OY2	OY3	OY4
Program					
Manager					
Senior Naval Architect					
Senior Engineer					
Senior Design Engineer

#### Cost of Asset Relocation

If relocation of an asset from an existing contract storage facility to a new facility is required, include in the proposal the cost of relocation of asset. The cost of relocation will be analyzed separately from all other cost for reasonableness and planning purposes only. Relocation cost will not be considered as a factor/criteria and will not affect the task order award, however, the Government reserves the right to discuss/negotiate the terms and conditions of asset relocation prior to award of the task order.

Other Direct Costs (Fee is not authorized for ODC) See Section L for instruction and information on ODC.

Key Personnel Qualifications and Experience – The specific qualifications are provided below by labor category.

By submitting an offer, the contractor certifies that all required key personnel identified in its proposal meet the required personnel qualifications listed below and hold current SECRET clearances. The offeror must submit information that all personnel proposed by the offeror participating in ship checks have a current Secret security clearance.

Program Manager – One (1) resume required (Limited to 2 pages).

Education: A minimum of a Bachelor's Degree from an accredited college or university in either Engineering or Business Administration.

And

Background/Experience: A minimum of five (5) years program experience in fleet introduction of Navy missile systems and associated equipment including a minimum of three (3) years of experience within the last five years in program/project management with Major Navy Combat Systems. Experience shall include: Demonstrated quality of leadership and responsibility, ability in managing multiple projects and multidisciplinary teams related to installation design and material kitting in support of fleet introduction of new combat systems.

Senior Naval Architect – One (1) resume required (Limited to 2 pages).

Education: A minimum of a Bachelor's Degree in Naval Architecture from an accredited college or university.

And

Background/Experience: A minimum of ten (10) years engineering experience in Navy missiles, gun systems and associated equipment, along with demonstrated experience in these fields including a minimum of six (6) years of recent experience within the last ten years in program/project management with Navy Surface Ship Weapon/Combat Systems Design Services Allocation (DSA) and installation kitting support. Experience shall include: Installation design for fleet introduction of combat systems focused on ship structure, foundations, HVAC, electrical distribution systems, shipboard LANs, etc.

Senior Engineer – One (1) resume required (Limited to 2 pages).

Education: A minimum of a Bachelor's Degree from an accredited institution in Engineering, Physics, or Mathematics or similar physical science.

## SECTION E INSPECTION AND ACCEPTANCE

CLINs 1000, 3000 and (If Options are Exercised) CLINs 1100, 1200, 1300, 3100, 3200, 3300, 4000 and 6000 - Inspection and acceptance shall be in accordance with Section E of the SeaPort-e Multiple Award contract and supplemented by the following performance assessment standard.

Task Order Performance Standard:

Required Reports and other Status Reports submitted to the Task Order Manager under subject Task Order shall identify the work that had been performed during the month, deliverables that had been submitted, and the name of the Government representative that had received the deliverable. The Task Order Manager will be required on a monthly basis to rate the quality of deliverables in terms of timeliness and quality on a rating scale of one (1) to five (5). The rating scale is specified in the table and defined below:

Rating Number	Rating	Rating Description
5	Exceptional	Significantly Exceeds Expectation
4	Very Good	Exceeds Expectation
3	Satisfactory	Meets Expectation
2	Marginal	Barely Meets Expectation
1	Unsatisfactory	Fails to Meet Expectation

Task Order acceptance will be made by the Task Order Manager upon the Contractor having achieved an overall rating of all deliverables, of "Satisfactory/Meets Expectation" or better.

Rating Definitions:

Exceptional - Significantly Exceeds Expectation: Deliverables are completed on or prior to their respective due date 100% of the time without further revisions being required.

Very Good - Exceeds Expectation: Deliverables are completed on or prior to their respective due date 100% of the time with only minor revisions being required on approximately 5% of items submitted. The required rework does not negatively impact upon the respective program.

Satisfactory - Meets Expectation: Deliverables are completed on or prior to their respective due date 100% of the time with minor revisions being required on approximately 10% of items submitted. The required rework does not negatively impact upon the respective program.

Marginal - Barely Meets Expectation: Deliverables are completed on or prior to their respective due date approximately 95% of the time with minor revisions being required on approximately 15% of items submitted. The delayed submission and required rework of deliverables results in a minor negative impact to the respective program.

Unsatisfactory - Fails to Meet Expectation: Deliverables are completed on or prior to their respective due date less than 90% of the time with significant revisions being required on greater than 15% of items submitted. The delayed submission and required rework of deliverables results in a significant negative impact to the respective program.

Other terms and conditions are in accordance with Section G of the Seaport-e Multiple Award Contract.

5252.216-9122 LEVEL OF EFFORT (DEC 2000)

(a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance of the work described in Sections B and C of this task order. The total level of effort for the performance of this task order shall be 48,615 total man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

(b) Of the total man-hours of direct labor set forth above, it is estimated that \_\_\_\_\_ (Offerors to fill-in) man-hours are uncompensated effort.

Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no effort is indicated in the

CONTRACT NO. N00178-04-D-4066	DELIVERY ORDER NO. L601	AMENDMENT/MODIFICATION NO. 72	PAGE 34 of 66	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this task order.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this task order and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (j) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) The level of effort for this task order shall be expended at an average rate of approximately 40 hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this task order and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by task order modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man-hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor during the period of this contract, the Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows:

$$\text{Fee Reduction} = \text{Fee (Required LOE - Expended LOE)} / \text{Required LOE}$$

or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable, require the Contractor to continue to perform the work until the total number of man hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

(h) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) Unless the Contracting Officer determines that alternative worksite arrangements are detrimental to contract

CONTRACT NO. N00178-04-D-4066	DELIVERY ORDER NO. L601	AMENDMENT/MODIFICATION NO. 72	PAGE 35 of 66	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

performance, the Contractor may perform up to 10% of the hours at an alternative worksite, provided the Contractor has a company-approved alternative worksite plan. The primary worksite is the traditional “main office” worksite. An alternative worksite means an employee’s residence or a telecommuting center. A telecommuting center is a geographically convenient office setting as an alternative to an employee’s main office. The Government reserves the right to review the Contractor’s alternative worksite plan. In the event performance becomes unacceptable, the Contractor will be prohibited from counting the hours performed at the alternative worksite in fulfilling the total level of effort obligations of the task order. Regardless of work location, all contract terms and conditions, including security requirements and labor laws, remain in effect. The Government shall not incur any additional cost nor provide additional equipment for contract performance as a result of the Contractor’s election to implement an alternative worksite plan.

(k) Notwithstanding any of the provisions in the above paragraphs, the Contractor may furnish man hours up to five percent in excess of the total man hours specified in paragraph (a) above, provided that the additional effort is furnished within the term hereof, and provided further that no increase in the estimated cost or fee is required.

#### **INVOICE INSTRUCTIONS (NAVSEA) (JUN 2007)**

(a) In accordance with the clause of this contract entitled “ELECTRONIC SUBMISSION OF PAYMENT REQUESTS” (DFARS 252.232-7003), the Naval Sea Systems Command (NAVSEA) will utilize the DoD Wide Area Workflow Receipt and Acceptance (WAWF) system to accept supplies/services delivered under this contract. This web-based system located at <https://wawf.eb.mil> provides the technology for government contractors and authorized Department of Defense (DoD) personnel to generate, capture and process receipt and payment-related documentation in a paperless environment. Invoices for supplies/services rendered under this contract shall be submitted electronically through WAWF. Submission of hard copy DD250/invoices may no longer be accepted for payment.

(b) It is recommended that the person in your company designated as the Central Contractor Registration (CCR) Electronic Business (EB) Point of Contact and anyone responsible for the submission of invoices, use the online training system for WAWF at <http://wawftraining.com>. The Vendor, Group Administrator (GAM), and sections marked with an asterisk in the training system should be reviewed. Vendor Quick Reference Guides also are available at <http://acquisition.navy.mil/navyaos/content/view/full/3521/>. The most useful guides are “Getting Started for Vendors” and “WAWF Vendor Guide”.

(c) The designated CCR EB point of contact is responsible for activating the company’s CAGE code on WAWF by calling 1-866-618-5988. Once the company is activated, the CCR EB point of contact will self-register under the company’s CAGE code on WAWF and follow the instructions for a group administrator. After the company is set-up on WAWF, any additional persons responsible for submitting invoices must self-register under the company’s CAGE code at <https://wawf.eb.mil>.

(d) The contractor shall use the following document types, DODAAC codes and inspection and acceptance locations when submitting invoices in WAWF:

Attachments created in any Microsoft Office product may be attached to the WAWF invoice, e.g., backup documentation, timesheets, etc. Maximum limit for size of each file is 2 megabytes. Maximum limit for size of files per invoice is 5 megabytes.

(e) Before closing out of an invoice session in WAWF, but after submitting the document(s), you will be prompted to send additional email notifications. Click on "Send More Email Notification" and add the acceptor/receiver email addresses noted below in the first email address block, and add any other additional email addresses desired in the following blocks. This additional notification to the government is important to ensure that the acceptor/receiver is aware that the invoice documents have been submitted into WAWF.

Send Additional Email Notification To:

(f) The contractor shall submit invoices/cost vouchers for payment per contract terms and the government shall process invoices/cost vouchers for payment per contract terms. Contractors approved by DCAA for direct billing will submit cost vouchers directly to DFAS via WAWF. Final voucher submission will be approved by the ACO.

(g) The WAWF system has not yet been implemented on some Navy programs; therefore, upon written concurrence from the cognizant Procuring Contracting Officer, the Contractor is authorized to use DFAS's WInS for electronic end to end invoicing until the functionality of WInS has been incorporated into WAWF.

(h) If you have any questions regarding WAWF, please contact the WAWF helpdesk at the above 1-866 number or the NAVSEA WAWF point of contact at (805) 228-0921 or

## SECTION H SPECIAL CONTRACT REQUIREMENTS

Special contract requirements (Section H Clauses) shall be in accordance with Section H of Seaport-e Multiple Award IDIQ contracts and as describe below.

In accordance with the terms and conditions of the Multiple Award basic contract.

### 5252.237-9106 SUBSTITUTIONS OF PERSONNEL (SEP 1990)

(a) The Contractor agrees that a partial basis for award of this contract is the list of key personnel proposed. Accordingly, the Contractor agrees to assign to this contract those key persons whose resumes were submitted with the proposal necessary to fulfill the requirements of the contract. No substitution shall be made without prior notification to and concurrence of the Contracting Officer in accordance with this requirement.

(b) All proposed substitutes shall have qualifications equal to or higher than the qualifications of the person to be replaced. The Contracting Officer shall be notified in writing of any proposed substitution at least forty five (45) days, or ninety (90) days if a security clearance is to be obtained, in advance of the proposed substitution. Such notification shall include: (1) an explanation of the circumstances necessitating the substitution; (2) a complete resume of the proposed substitute; and (3) any other information requested by the Contracting Officer to enable him/her to judge whether or not the Contractor is maintaining the same high quality of personnel that provided the partial basis for award.

### INFORMATION ON DIGITAL FORMAT

The Contractor shall populate Livelink, the standard document management system for NAVSEA, with invoices, status reports, and data deliverables. Immediately after contract award, Livelink accounts will be created for specified contractor accounts, a Livelink project will be created for the contract, and the contractor specified will receive Livelink training. The Contractor shall provide on-line access to and delivery of programmatic and technical data in digital form.

### REQUIREMENTS FOR NON-GOVERNMENT PERSONNEL WORKING ON-SITE AT NSWC PHD

Monthly report of contractor personnel assigned to desks/work stations/seats in any or all NSWC PHD buildings, including temporary buildings, highlighting gains and losses and including physical location (building) and Land Attack Department branch-level organizational code supported.

### CERTIFICATION OF NON-DISCLOSURE STATEMENT

Contractor shall provide to the PCO Non Disclosure Statements (Attachment J.2) from all contractor personnel working on-site at NSWC PHD immediately upon start of work in any or all NSWC PHD buildings, including temporary buildings, highlighting gains and losses and including physical location (building) and Land Attack Department branch-level organizational code supported.

## SECTION I CONTRACT CLAUSES

In accordance with the SeaPort-e Multiple Award basic contract for Cost Plus Award Fee Task Orders:

FAR 52.217-9 OPTION TO EXTEND THE TERM OF THE DELIVERY ORDER (MAR 2000) (NAVSEA VARIATION) (MAR 2000)

(a) The Government may extend the term of this delivery order by written notice(s) to the Contractor within the periods specified below. If more than one option exists, each option is independent of any other option, and the Government has the right to unilaterally exercise any such option whether or not it has exercised other options. The exercise of any option past the ending date of the basic IDIQ contract is subject to the exercise of option 1 of the basic IDIQ contract.

CLIN	Option Exercise Dates
1100	- 14 February 2007 through 13 February 2008
1200	- 14 February 2008 through 13 February 2009
1300	- 14 February 2009 through 13 February 2010
4000	- 14 February 2010 through 13 February 2011
3100	- 14 February 2007 through 13 February 2008
3200	- 14 February 2008 through 13 February 2009
3300	- 14 February 2009 through 13 February 2010
6000	- 14 February 2010 through 13 February 2011

(b) If the Government exercises this option, the extended delivery order shall be considered to include this option clause.
