SECTION H SPECIAL CONTRACT REQUIREMENTS

HH51 AUTHORIZATION FOR USE OF SUBCONTRACTED LABOR

(a) Authorization to use subcontracted labor consists of two separate and distinct procedures; consent and approval. Subcontracts must meet both the consent and approval requirements of this clause to be considered allowable.

(b) Consent. Consent to subcontract shall be obtained from the Administrative Contracting Officer (ACO) in accordance with the applicable Subcontracts clause incorporated herein.

(c) Approval. The Procuring Contracting Officer's (PCO) approval is required for all subcontracts for direct services, i.e., any labor performed by other than bona-fide employees of the contractor, such as "consultants". The existence of an approved purchasing system does not affect the requirement for PCO approval.

(1) Direct services subcontracts subject to consent requirements. The contractor shall obtain approval by forwarding a request for consent to subcontract to the ACO, via the PCO. The request shall include two copies of the proposed subcontract and a cover letter. The PCO shall review the request for adherence to the contractor's proposal submitted in response to the solicitation that resulted in the basic contract, comment on the source selection and pricing aspects as appropriate, and forward the request to the ACO for final action. The PCO will provide the contractor a copy of the forwarding letter.

(2) Direct services subcontracts not subject to consent requirements. The contractor shall obtain approval by forwarding one copy of all direct services subcontracts not subject to consent requirements to the PCO.

(3) PCO approval is granted to subcontract with the firms listed below. Subcontract direct services shall be provided only by the following companies and to a maximum of the hours shown for each:

* Subcontractors Manhours

* Offerors shall fill in data conforming to their technical and cost proposals.

(4) The contractor shall obtain PCO approval in writing for all additional firms prior to their performance of any direct services under the contract. The contractor shall fully justify why the additional firms are necessary for performance, as well as other matters pertaining to selection and pricing.

HH52 PRIOR WRITTEN PERMISSION REQUIRED TO SUBCONTRACT

None of the services required by this contract shall be subcontracted to or performed by persons other than the contractor or the contractor's employees without the prior written approval of the Procuring Contracting Officer.

When such segregation of costs by ACRN is not possible for invoices submitted with CLINS/SLINS with more than one ACRN, costs will be allocated on a first-in first-out basis. For example, invoice ACRN A1 until fully expended, followed by ACRN A2 until fully expended, followed by ACRN A3 until fully expended, etc.
